Unit-II

2. [A] Read the following passage carefully and answer the questions given below:
Man is the most paradoxical of all animals. On the one hand, he is the most imaginative and creative creature on the other hand, he is the most dangerous and destructive of all animals. He has destroyed much of his creation. Toxic chemicals are still poisoning the world around us although we know about the dangers. Man's greed has brought the great whales to the verge of extinction. Plants and animals which share the earth with mankind are current products of an endless process of evolution. They were shaped by their environment. All animals are products of their habitats. They are our heritage, the natural part of our environment and we have a simple duty to look after them for the generation the will follow us.

Questions:

- a. Why is man called the most paradoxical of all animals?
- b. What has lead to the near extinction of the great whales?
- c. What factor has given the plants and animals the shape they have today?
- d. what is our simple duty towards our heritage?
- e. Give a suitable title to the passage.
