## Parent's Voice

**Sunil Singh Thakur**  
Bilaspur

My experience with Chouksey Group as a parent of an BE aspirant has been excellent so far. The facilities provided for students are state of art and if compared can be considered as better than other institutes. The sprawling campus and the atmosphere maintained for education is exemplary. Based on the reviews I got from my son I firmly believe that the faculty is helpful and having expertise in their domain. I had a pleasant experience with the administration and did not face any difficulty in the admission procedures.

**V.S. Khandelwal**  
Bilaspur

The most admirable thing about Chouksey group has been it's cleanliness and the way the campus has been maintained it looks as if it was built yesterday. I wish I would have studied in a campus like this. Another thing worth appreciating has been the discipline that one experiences on all fronts be it timelines, reminders for adhering to schedule , attendance of students, more over the quality of faculty members who not only have good profile but know their subject so well. The quality of student too has been too good they are attentive, interactive, intelligent and well aware.

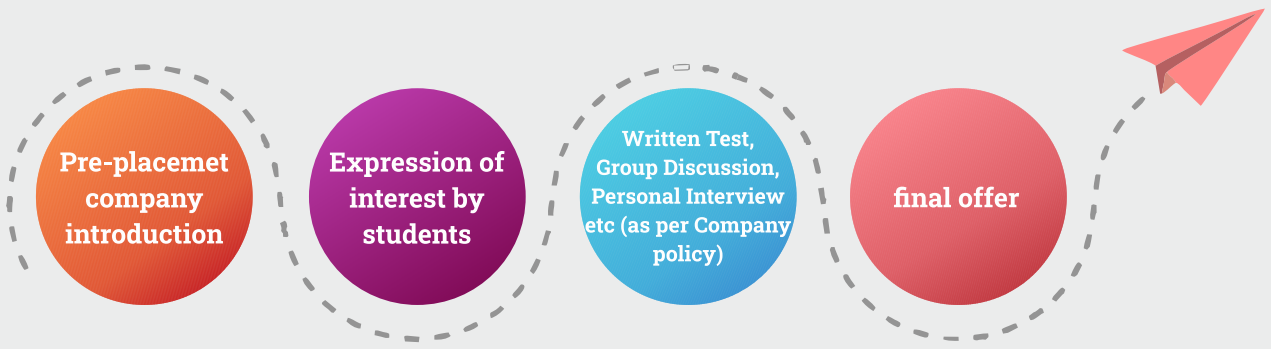

**Gyaneshwar Waghmare**  
Bilaspur

My son, Gaurav, is currently doing B. Pharmacy from your prestigious College. I'm very happy with his decision. Chouksey Group is one of the most reputed universities in India and the quality that it provides in teaching is excellent. I regularly talk to my son and he always says that college is good and we are learning every day. Seminars, conclaves and various value added activities are happening on regular basis. My son also talked about Managing Social Project (MSP). I'm delighted that you guys are making our children socially responsible and crafting them for future.

# TRAINING & PLACEMENT

The 3rd top best college in Chhattisgarh with high quality placement cell is an active entity that provides career guidance as well as creating training opportunities and campus recruitment programs. The college actively supports the growth of student through workshops on Entrepreneurship Awareness , personality Development and Communications skills, Technical skills are honed through student chapters of CSE Smart Club, ISTE etc. The college has satisfaction of its students gaining placement through campus recruitment which sees participation by companies such as.
